11th March, 1931.

Dear Sirs,

K.B.Mavlankar,decd.

The above was an Indian Gentleman carrying on an Essential Oil business in this country and he died on the 1st February 1930 insolvent. As soon as representation was obtained to his Estate here by his Widow, a Creditors Administration action was commenced at the instance of the Government of Mysore for whom we act in this country. During the course of the proceedings it appeared that there were various assets of the deceased in India in respect of which Administration would have to be taken out in India.

It appears that in October 1930 without consulting anybody or obtaining the sanction of the Court, the deceased's Widow as Executrix of his Will sent out a Power of Attorney to a Mr.Kelkar in India to get in the Indian assets and also to obtain payment of a Policy in the Oriental Government Security Assurance Company and also sent out to Mr.Kelkar the Policy itself and the original Grant of Probate issued here. The Master here has now directed the Executrix to execute a Power of Attorney in favour of various members of your Firm to take a Grant in India and to deal with the assets, there. We enclose you herewith the following documents:-

Copy Affidavit of Mr.A.H.Blundell giving details of the Indian assets and in support of the application directing the Widow as Executrix to execute a Power of Attorney in your favour.

Copy Order of the 2nd of February 1931 directing the Widow as Executrix to execute the Power of Attorney and sign an authority to you to account for the Estate in India to the Receiver appointed here.

Power of Attorney in your favour duly authenticated by a Notary and attached to which you will find a sealed certified copy of the Act of Probate and Will of the deceased.

Authority to the members of your firm signed by the Executrix here to account to the Receiver here for the Administration and to act on his instructions or those of our firm.

Revocation of Power of Attorney previously granted to Mr. Kelkar and directions to him signed by the Executrix.

Original letter of the Oriental Assurance Company to Mr. Boyce dated 15th January 1931 with the Certificate of Identity and Medical Certificate attached thereto.

We think the above documents will give you the position. We leave it to you to send the Revocation of the Power of Attorney and directions to Mr.Kelkar direct to him. You will gather that you will have to obtain from him the Policy in the Oriental Company and no doubt he will give you any information with regard to the debt of Mr.Khari for 4000 Rupees due to the Estate and any other information in his power.

We shall be obliged if you will acknowledge receipt of the documents and proceed with the matter with all dispatch. You will gather that until Administration in India is complete we cannot complete our Creditors Administration action here.

We may tell you that so far as we can see there will not be much more than 2/- in the £ for the Creditors here. We are not acquainted sufficiently with Indian law to be able to express an opinion upon the following point, but it occurs to us that if there are any debts in India it is quite likely that under Indian law they may be payable in full out of the Indian assets before the balance of the assets are accounted for here, but you will of course know how to deal with this point.

Dear Sirs,

Re.Estate of K.B.Mavlankar deceased

We have your letter of the 18th ultimo enclosing a copy of the letter dated 23rd February 1931 received by the Receiver's firm from Mr.Kelkar.

We have already written to the gentleman to send us the necessary particulars and papers relating to the above estate but so far we have not heard from him.

The documents you have already sent to us are sufficient to enable us to obtain representation to the deceased's estate in India and we will proceed with the least possible delay.

With reference to the concluding para of your letter under reply, the Indian Administrator cannot remit the money in his hands until the debts due by the deceased in this country have been paid.

We shall report to you the progress of this matter in due course.

Yours faithfully,

Dear Sirs,

Re.Estate of K.B.Mavlankar Deceased.

In continuation of our letter to you of the 10th instant we have now heard from Rao Bahadur N.K.Kelkar informing us that he has returned all the papers relating to this estate in his possession to Mrs.Mavlankar in England. He further informed us that no original Policy was received by him from the lady. We shall therefore be obliged if you will enquire with Mrs.Mavlankar and send us the Policy as soon as possible.

Mr.Kelkar has so far not given us any information as to the assets of the deceased in India and we have requested him to do so as soon as possible.

As regards the debt due by Mr.Khare we have received this gentleman's address and we will write to him on the subject. One Mr.Gharpure, B.A. LL.B. a pleader of this City who was kind enough to give us the addressof Mr.Khare informed us that the brother of the deceased, who is also living here, might be able to give some useful information as to the assets of the deceased and accordingly we are writing to the deceased's brother.

We are informed by the Oriental Government Security Life Assurance Co.Ltd. that a sum of Rs.2,919/- is due to the deceased under the Policy and we will include this amount in the Schedule of Assets to be annexed to the Petition for Letters of Administration for the purpose of Probate Duty.

We shall report to you the progress of this matter in due course.

Dear Sirs,

Re.Estate of K.B.Mavlankar decd.

In continuation of our letter to you of the 17th ultimo we sent a letter to Mr.Khare the debtor of the above estate but have not received any reply from him. You have not yet sent to us the Promissory Note signed by Mr.Khare for the amount paid to him by the deceased or any other documentary evidence in support thereof and in the absence of such documents we will be unable to recover the amount from Mr.Khare. Please therefore enquire of Mrs.Mavlankar whether she holds any such papers and, if so, please send them to us.

We are informed by Rao Bahadur Kelkar as well as by the brother of the deceased that the deceased was about to start a branch shop in Bombay for sale of chemicals,essential oils, etc. and for that purpose a room or two were taken on rent in Bombay and two gentlemen were engaged. Some articles were received from England and some expenses were incurred in respect thereof. We have not been informed of the exact value of the goods or of the amount of liability and we shall proceed with the matter as soon as we receive the information.

We shall be obliged if you will send us as soon as possible the Insurance Policy of the deceased and the papers in connection with the debt due by Mr.Khare.

Yours faithfully,

Dear Sirs,

Re.Estate of K.B.Mavlankar,decd.
No.1/NGD. 5695/31.

We duly received and thank you for your letter of the 17th April. Immediately on its receipt we wrote to Mrs.Mavlankar's Solicitor - Mr.Thompson - on the 4th May, as per copy letter enclosed. We wrote him again on the 5th May, as per copy letter enclosed, and received from him, on the 6th May a letter of which a copy is also enclosed.

We have this morning received from Mr.Thompson another letter dated the 7th May of which we also enclose you a copy and we send you the following documents, which accompanied Mr. Thompson's letter of the 7th May, and which may be of assistance to you,viz.

Letter from Oriental Government Security Life Assurance Co.Ltd.to K.B.Mavlankar & Co.dated 14th March 1930

Memo of Instructions to Claimants from Oriental Government Security Life Assurance Co.Ltd.

Claim Form B - Medical Attendant's Certificate from Oriental Government Security Life Assurance Co.Ltd.

Claim Form C (Miscellaneous) - Certificate of Burial from Oriental Government Security Life Assurance Co.Ltd.

Claim Form E - Certificate by Employer - from Oriental Government Security Life Assurance Co.Ltd.

Claim Form D - Certificate of Identity - from Oriental Government Security Life Assurance Co.Ltd.

We have returned the Death Certificate of Janki Mavlankar - Mr.Mavlankar's first Wife,to Mr.Thompson, but have asked him to let us have it back, as it may be of use to you, and if he sends

it back, we will send it out to you.

We are awaiting further news from Mr.Thompson with regard to the actual Policy itself.

It may be that it is lost, and if so it would appear to be necessary to give some sort of Indemnity Bond to the Oriental Government Security Life Assurance Co. in accordance with their letter of the 14th March, 1930, which is enclosed. However, this you will no doubt deal with in due course.

We wrote you last on the 8th of May inst. and we now send you a copy of a letter received from Mrs.Mavlankar's Solicitor this morning dated the 11th of May, together with the death Certificate of Janki Mavlankar therein referred to, which you will note Mr.Thompson asks to be returned to him when you have finished with it. You will also see that Mr. Thompson says about the Insurance policy. We can only suggest that if you cannot trace it through Mr.Kelkar or Mr.Lele referred to, the proper way will be to give an indemnity to the Company and to collect the Policy money without the Policy.

Dear Sirs,

No.L/NGD 6382/31.

We duly received your letter of the 1st of May and sent a copy of it to Mrs.Mavlankar's Solicitor on the 18th May asking him to obtain from Mrs.Mavlankar a promissory note signed by Mr.Khare or any other documentary evidence in support thereof and asking if he had any further news of the Insurance Policy of the Oriental Company.

We have received a letter fromMrs.Mavlankar's Solicitor Mr.Thompson dated the 27th of May in which he says "my client instructs me she has no papers of any kind relating to Mr.Khare neither has she received any further news of the Insurance Policy in the Oriental Company".

Under the above circumstances we can only suggest with regard to the Insurance Policy that you should arrange to give the Insurance Company an indemnity and recover the amount due on the policy. With regard to Mr.Khare, would it not be possible for you to get an admission from him of the debt and payment of it on an indemnity and undertaking to hand over the promissory if and when it turns up.

We are very sorry to have to bother you so much about this matter but we find great difficulty in dealing with Indians in connection with business, their standard seems to be different from our own.

Dear Sirs,

Re: Estate of K.B. Mavlankar deceased.

We have received your letter of the 30th May and 16th ultimo together with the enclosures with the latter for which we thank you.

We have now seen one Mr.R.S.Gole who was in the employ of the deceased as a Manager for the Bombay shop, who gave us certain useful information in connection with the affairs of the deceased.

We are informed that goods of the value of £166.0.3. were received from England on account of the deceased. These goods at present are stored with one Mr.K.H.Dhamdhere a Perfumery Merchant of Bombay to whom we wrote at once and we understand that the goods of the value of Rs.451.12.0. were sold by him. We have received from Mr.Dhamdhere a cheque for Rs. 228.3.3. as shown in the accompanying statement. We are informed by an advocate representing Mr.Dhamdhere that it was arranged between his client and one Mr.Lele the brother-in-law of the deceased that a commission of 5% to be paid to Mr.Dhamdhere on the sales effected by Mr.Dhamdhere and a sum of Rs.10/- by way of rent for storing the goods per Hindu month. You will find from the statement that these amounts have been deducted by Mr.Dhamdhere from the sale proceeds. We wrote to Mr.Lele to let us know whether any such arrangement was arrived at but so far we have not heard from him. The merchant is prepared to deliver the remaining goods to us but

we think that he should be asked to sell the goods on the terms as already arranged and should account to us for the sale proceeds. We will however consult Mr.Gole and Mr.A.B.Mavlankar the brother of the deceased in that respect.

We are further informed by Mr.Gole that some of the goods were also forwarded to Messrs. M.A.T.Acharya & Co. Perfumery Merchants of Bangalore to whom we have written but so far we have not heard from them.

As regards the debt due by Mr. Khare to the deceased we wrote to this gentleman more than once to admit the debt and see us in connection therewith but he has failed to do so. We are informed by Mr. Gole that an arrangement was arrived at between Mr. Khare and the deceased whereby the amount of the debt was reduced to about Rs. 2,500/-. An agreement was also executed by the party to that effect and a copy thereof was forwarded to England. Perhaps you will ask Mrs.Mavlankar and enquire if any such arrangement was arrived at and also ask for a copy of the agreement. We have written to Mr.Lele who we understand may know of this debt and have asked for a copy of the agreement. Mr.Khare we are informed has paid something in liquidation of the debt but so far nothing has come to light. We will revert to the matter when we have to report further progress.

Yours faithfully,

.Little & Co.

Dear Sirs,

K.B. Mavlankar decd.
No. E/NGD.9534/31.

We are in receipt of your letter of 3rd ult. and are now in a position to answer the questions raised by it.

K.H. Dharndhere. The receiver approves the suggestion that Mr. Dharndhere retains the balance of the goods and sells them for him on commission.

Messrs.M.A.T.Acharya & Co. This firm owes the Estate in England the sum of £31.19. 8. made up as follows:-

August 14th 1930.	
To goods - aromatic chemicals	£32. -. -.
Less Credit on payment dated 29th June 1929	4.
	£31.19. 8.

The Receiver has been unable to collect this amount and asks you to be good enough to enforce payment for him. The goods in question were sent from the works at Yiewsley, Middlesex and do not form any part of the Indian Estate.

Mr.Khare. The Receiver has been in communication witn Mrs. Mavlankar. She however states that she has no knowledge of any agreement being made between Mr.Khare and the deceased. Neither has she any knowledge of any amounts having been paid by Mr.Khare.

It seems then that the deceased dealt with the matter entirely in India and that no papers are available in England.

Dear Sirs,

Re: Estate of K.B.Mavlankar deceased.

We have received your letter of the 13th ultimo and have noted the contents.

We have already requested Mr.Dhamdhare to sell the goods belonging to the deceased on the terms previously arranged.

As regards Messrs.M.A.T.Acharya & Co. of Bangalore we have asked them to account for the sale of the goods in their possession belonging to the deceased but we have not received any reply from them as yet. We note that a sum of £31.-19-8. is due by this firm to the estate in England which as desired we will demand the same from them.

With regard to Mr.Khare's debt due to the estate, we have not yet been able to trace the Agreement executed by the debtor but we are procuring a copy of the same from a firm of Solicitors who acted in the matter and hope to inform you the position of this debt within a few days.

We have lately been informed by a Solicitor who acted for the deceased that at the deceased's instructions he had prepared a Memorandum and Articles of Association of a proposed private limited company named Europe India Trading Co. He has sent to us his bill of costs for the work done amounting to Rs.894.2.0. which after consideration will have to be paid out of the estate.

We acknowledge to-day receipt of your letter of the 4th inst. which we have perused with interest.

We know that you appreciate that we cannot wind up the Estate here until you have settled affairs in India. Our experience with Indians here is that they are very slow and that it is very difficult to get anything out of them and we expect you find the same difficulty. Our note above therefore is not in the nature of a reproach in any way but is merely a statement of the fact designed to protect us when the Master in Chancery urges us to proceed here with the administration of the Estate.

14th October, 1930.

Dear Sir,

K.B.MAVLANKAR DECEASED

As promised at our interview yesterday with Mr.Blundell, I report to you giving a brief resume of events since my appointment and the present position.

As you are aware, I was appointed Receiver and Manager by Order of the Court, dated 14th March, 1930.

I proceeded immediately to the Works, interviewed all members of the staff, carried out an inspection of all the works and offices, effected immediate reductions in the majority of the wages, and gave instructions as to the running of the business.

I sent a senior representative to Hatton Garden Offices to carry out similar work there.

Investigation immediately revealed that previous stock valuations appearing in the accounts of K.B.Mavlankar were utterly fallacious, either as regards quantity, quality or pricing, or as regards all three.

I instructed all stock quantities to be actually ascertained of all materials and the work to be carried out with the utmost expedition.

It was immediately clear that the only asset at the Works of any substantial value was the stock, a large portion of which was composed of raw materials.

I ascertained that, in the depressed state of the trade, the majority of manufactu ers and merchants were overstocked with finished products, and were only buying the minimum of raw materials.

It was, therefore, clear that to close the Works and to endeavour to sell the raw materials would be suicidal from the point of

view of the creditors' interests. Also, that to close the Works and to endeavour to sell the stock of finished products in bulk would also be suicidal, in view of the accumulation of stocks in the hands of other firms in the trade. The only course to realise the stocks at any fair value in the interests of the creditors was to work up the raw materials into the finished product, and to sell all finished products through the ordinary channels of the connection of the firm.

As to employees, I was, of course, fully aware of the actions of the late Mr. Mavlankar which had occasioned my appointment and was, therefore, alive to the danger that the employees around him might have assimilated his outlook on business affairs.

They explained the previous stock valuation by stating that he was an autocrat and had insisted on the stocks being valued as he desired them. This explanation I accepted with reservations.

You will recollect that at the date of my appointment Mrs. Mavlankar and her Indian friends in London, and Bobin who at that time had the utmost confidence of herself and her friends, resented the action of your Government and my appointment with the utmost vigour, and wired your Government that the appointment of a Receiver would be the death knell of the business and ruin a widow left destitute, and would bring your Government into disrespect in the Indian community in London.

I therefore decided that the protection of the Justice and equity of your Government's action, and the protection of the reasonablenes of my actions on your behalf was a paramount consideration. Therefore whatever my instinct and suspicion as to the integrity of the employees, I would take no drastic action without absolute proof and justification.

B.T.Kesavaiengar,Esq. 14th October, 1930

I ascertained a few days after my appointment that the late Mavlankar, realising that merchants in this country would only buy essential oils if supplied direct from the manufacturer in Messina, conceived, together with Gianetto, the expedient of inventing a fictitious principal in Messina termed Pietro Marino & Co., Galati, Messina. On an enquiry being received from a merchant in this country, Mavlankar would reply acknowledging and stating he had forwarded the enquiry to his principals in Messina. The letter, I understand, would then be placed aside for a short time and Mavlankar would then write to the merchant stating that he had been advised by his principal, Pietro Marino & Co., as to acceptance or rejection of the order.

I decided immediately I could not be a party to any such misrepresentation, and stipulated that either all such correspondence and representations must cease forthwith, or that Pietro Marino & Co., must in fact be constituted as a firm.

I ascertained that prior to my appointment Mavlankar had purchased and despatched to Messina plant and machinery to be erected in buildings there, which, I understand, were the property of Gianetto.

Gianetto and Bobin approached me with a view to my putting up, out of the funds of the estate, the capital necessary to complete this factory at Messina. I decided that, as Receiver, I must refuse. Thereafter a friend of Mrs.Mavlankar subscribed, I understand on behalf of Mrs. Mavlankar, £300 to complete this factory in Messina, and to form a Company under Italian law to operate the business of Pietro Marino & Co., in Messina.

Certified statements were given to me by Bobin and Gianetto that certain oils essential to the conversion of the raw materials in stock at Yiewsley could not be procured anywhere except from Messina where the raw product for these oils was produced.

They also certified that the existing merchants in Messina never exported the genuine oil, but only diluted or impure product,and therefore that this factory in Messina was necessary to the conversion of the stocks at Yiewsley to the best advantage.

Mrs.Mavlankar and her friends at this time had implicit faith in Bobin and Gianetto.

As to the plant of Mavlankar which had been despatched to Messina, if this had been recalled and sold in London, after paying the cost of bringing back and selling, I was advised the proceeds would be negligible.

The best course, therefore, was to lease the plant under document of lease at an annual rent to the firm being constituted of Pietro Marino & Co., with a view to also obtaining the oils necessary for the conversion of the Yiewsley Stocks.

The Hatton Garden Office I regarded as a needless expense and took steps gradually to transfer the business carried out from there to Orchard Works. Having regard to the terms of the Lease, this could not be done immediately, but in due course the office was closed, some of the staff dismissed and the remainder transferred to Yiewsley. This course was advisable not only as expense saving, but to ensure my effective control.

I decided the completion of the stock quantities was not proceeding as expeditiously as it should, and instructed Bobin to complete this forthwith.

On 8th May I received a letter from Bobin which indicated quite

clearly that he was disinclined to obey orders. I instructed both him and Gianetto to come to my office and had a long interview, made it clear that the instructions of myself, my partners and the members of my staff acting for me, must be obeyed. These events, and also the fact that Bobin apparently was investing money of his own in the business of Pietro Marino & Co. made me conclude that, having regard to the small wage that had been paid to him in the past, he had possibly received monies of some nature other than his wages. I also decided that I was not prepared to accept his valuations of the stock. On 19th May I wrote to Mr.E.J. Parry, B.Sc., F.I.C., F.C.S., Analytical and Consulting Chemist, who had considerable experience of Mavlankar's business, with a view to obtaining his tecnhical advice.

I reported to the Master of the Court that I was not prepared to accept Bobin's valuation nor his views on the business generally, and the Master gave me authority to appoint Mr.Parry to investigate and value the stocks and report on the position generally.

I expressly requested Mr.Parry to concentrate on the following matters:

1. The valuation of all the stocks, both as a going concern and as break-up.

2. The prospects of the business as a going concern for sale.

3. The integrity and ability of the personnel of the staff and the advisability of the retention of their services, individually or collectively, having regard only to the interests of the creditors.

Mr. Parry proceeded on the day after his appointment to the Works and made periodic regular visits thereafter.

On 7th August I received his Report, a copy of which has already been forwarded to you and of which the following extracts should be quoted here:

"It can hardly be said that there is any goodwill left. It is clear, however, that the business would be worth more to anyone carrying on with the present staff than to anyone putting in a fresh staff, as the present staff are in possession of many facts about customers, formulae,etc., which they would certainly not pass on to strangers."

"In my opinion, the business is worth more to Mrs. Mavlankar's friends than to anyone else, and they would probably offer more than an outsider."

"As things should now eventuate one way or the other quickly, I do not think it advisable to immediately make any alterations in the staff."

"There is the nucleus of an excellent business, and, in my opinion, with efficient management and moderate capital, it can be placed on a profitable basis."

"The value of the Stocks as at March 14th, is, in my opinion, £7,298.2.9. If, however, these had to be realised by auction, they would not fetch half this amount, and I estimate the value at such a forced sale at £3,512.2.3."

Further , in response to my express request, Mr.Parry made the following statement to me:

"This business could quite certainly be worked on profitable lines in the following directions:-

1. The manufacture of synthetic perfumes in which Mr.Mavlankar established a high reputation,many of his products being largely sought after by consumers. There is more or less unlimited room for development here according to the amount of capital put into the business.

2. The firm has always and still is doing a considerable amount of business as merchants for the purchase and sale of essential oils. An examination of the character of the customers on the books will indicate that there is every prospect of good profits being made out of this branch of the business if properly carried on.

3. The essence trade at present is not a large one. It is capable of more or less indefinite development under good management."

It was therefore, clear that the interests of the creditors necessitated that every effort should be made to dispose of the business as a going concern and that the dismissal of any of the principal members of the staff would be prejudicial to the prospects of effecting this disposal.

B.T. Kesavaiengar Esq. 14th October 1930.

By the time I received Mr. Parry's Report, as is evident from other statements contained in it, negotiations were proceeding with Rao Bahadur N.K. Kelkar, with a view to him, and a group of his Indian friends buying the business as a going concern.

This was the only prospect I had received of disposal as a going concern, and as Mr. Parry had reported that they would probably offer more than an outsider I did my utmost to achieve this sale.

When Mr. Kelkar started his negotiations he and Mrs. Mavlankar and his friends had faith in Bobin and Gianetto, but as negotiations proceeded, and particularly in view of the fact that Bobon and Gianetto were, I understood, not carrying out the promises they gave with reference to the Pietro Marino business, and as they could get no satisfaction as to what had happened to the £300 subscribed, their faith in these two men was gradually waning.

They therefore stipulated that if they bought the business of K.B. Mavlankar they would only do so if I, or a member of my staff, would go on the Board of the proposed Company, and if Mr. Parry, or a nominee of his, would also go on the Board.

Mr. Parry consented to do this, and although in view of the fact that the business was speculative I had no desire to be on the Board, they would accept no refusal on my part. In order to achieve a sale as a going concern in the only quarter where this appeared possible, I promised that, if and when my duties as Receiver were terminated, I would nominate a member of my staff to act as director.

Later, however, having carefully reviewed the whole position and discussed the matter with Messrs. Blundell , Baker & Co., it was clear that, having regard to my position as Receiver, neither I nor any member of my staff could accept a seat on the Board of the proposed Company.

I, therefore, immediately cabled Mr. Kelkar in India advising

him of this and instructed him to cable me not later than the 23rd September if he desired to proceed with his negotiations.

He replied asking me to keep the position open for a short time and in view of the fact that this was the only prospect of disposal as a going concern, and in justice to him and the time and energy he had devoted to the negotiations with a view to purchase, this short period was granted to him.

This was the state of affairs in force during the last week in September and the beginning of October, and the regulations and instructions I had given ensured throughout complete control of the business in my hands, subject only to robbery, fraud, or other misfeasance for which no routine regulations or instructions constitute a complete safeguard if employees are determined to commit these offences.

On the late evening of Wednesday the 8th October, Mr.Saklatvala called at my office with reference to Mr. Kelkar's negotiations, and referred to the position between Mrs. Mavlankar and her friends, and Gianetto and Bobin, with reference to Messina, and informed me that Bobin had written to him stating that Gianetto had gone to Messina. I had no knowledge of this. I immediately telephoned Orchard Works,but as it was a few minutes after 6 o'clock Bobin and the staff had left.

I again telephoned Bobin first thing on Thursday morning and after considerable ledging on his part elicited the statement from him that Gianetto had gone to Messina. Whether or not this was true, I have not yet ascertained, but I have reason to doubt that he has in fact gone to Messina. It was clear, however, that he was not at the Works and his absence was without my knowledge and permission.

I immediately decided that if this had taken place without my knowledge, other equally and possibly more serious disobedience or misfeasance might be taking place.

Therefore, without warning I arrived on Friday morning at the Works, together with my secretary, and two members of my staff, about 11.30 a.m. I ordered the watchman to hold himself available, instructed a member of my staff to proceed immediately to Bobin(s room, and proceeded myself, with my secretary and the other member of my staff, to the general offices, and ordered all office employees to remain where they were until I gave them permission to leave.

Events thereafter are briefly as follows:

I found it necessary instantly to dismiss Bobin and order him off the premises: instantly dismiss Gianetto in his absence: order all employees to remain on the premises, took certified statements from the employees: took over all keys except those which Bobin refused to hand over: broke open doors of which keys were withheld by Bobin: searched the whole premises: took possession of all documents which I considered advisable: closed the premises temporarily until further notice: informed all other employees I would advise them in due course of the continuance or otherwise of their employment: and obtained such evidence as was necessary from sources outside the Works.

The most serious misfeasances which my investigation and search revealed are as follows:-

1. On Thursday, the 9th instant, that is the day before my search, some plant and machinery was removed from the Works, without my knowledge, to a shed which Bobin and Gianetto have taken in Bentinck Road, Yiewsley.

2. Approximately a fortnight before my search, a pump and relative equipment, without my knowledge, had been dismantled, the name of the maker removed by hammer and chisel, and the pump a few days thereafter shipped to Messina.

3. I ascertained, on taking over possession of shorthand notebooks, that Bobin had sent a letter on 25th September to a firm stating that Messrs.Bobin & Gianetto, Bentinck Road, Yiewsley, were taking over the perfumery and essence side of Mavlankar's business.

B.T.Kesavaiengar Esq. 14th October 1930.

4. I found printed labels, printed envelopes, and addressed envelopes and circulars, proving that Bobin and Gianetto without my knowledge had for a short time, which I estimate as from approximately the middle of September, been trading under their own names, and using the staff to carry out this work.

5. That samples with printed "Bobin & Gianetto" labels had been issued from Orchard Works.

6. That Bobin in collaboration with the salesman, Drew, when I arrived on the scene, had snatched a file and sent the salesman running out of the factory with it.

7. That Bobin had removed from the Works and taken to his own house a steel cash box, containing papers and cash.

8. That a typewriter and an oil stove had been removed from the Works without my knowledge.

I then advised Blundell Baker & Co, on Saturday morning of these events, and informed them that I was preparing a Report on the whole state of affairs and would submit this Report, with all certified statements and documentary evidence, on Monday morning. This I did.

The Courts reopened after the Long Vacation on Monday morning. Mr. Blundell obtained an urgent appointment with the Master at 3.30 on Monday afternoon.

Mr. Blundell and I attended on the Master and reported these events,

The Master gave formal authority for my action in temporarily closing the Works, and instructed Mr. Blundell to place all the evidence before Counsel to advise on the legal steps to be taken.

Immediately on our returning to Mr. Blundell's office from the appointment with the Master, Mr. Blundell telephoned you and you attended at his office, when the above events were reported to you and you requested me to send this Report to you.

I shall keep you fully and promptly advised as matters proceed.

Yours faithfully,

(Signed) CHARLES W. BOYCE
